What is MOPS

MOPS stands for Mothers of Preschoolers, and by preschoolers we mean kiddos from birth through kindergarten. We know it's a little confusing so let's just stick with "MOPS."

We are rallying women to be more honest, to feel more equipped and to find our identity by journeying alongside each other.

Sometimes we think we have to pick one, when in reality it is always both. Light and dark, hope and fear, kindness and risk, wonder and mundane.

This is evidenced by the fact that we are people who are meant to live by both sunlight and moonlight. Our natural rhythms revolve around the circling of sun and moon. Yet often our tendency is to cling to one, the one that is more comfortable, forgetting that our fullest living comes when we embrace the swirly mix.

Starry Eyed means looking for the light even when darkness is enveloping. It is an opportunity to hope recklessly and to witness God's presence guiding things seen and unseen, comfortable and uncomfortable.

When we reflect back over our lives, this year is going to stand out. It will be the year that we decided to live fully by both sunlight and moonlight. Because audacity is rising in the deepest and wildest parts of our souls. And the best part is, we will experience it all together.

So the question becomes . . . When was the last time you felt fully alive? The last time you were so swept up with wonder that it took your breath away? That kindness made you feel powerful? Or audacious hope unraveled fear? This is the year to experience all of it.
